

Hello Everyone,

My name is Jay Eads and I have been assigned as the principal at Butterfield Canyon Elementary. Here is a little about me. I have been in education for 20 years, and I am dual licensed in secondary and elementary. I began working at Ogden High and then moved to Granite School District where I taught elementary grades for 13 years.

I then moved to Jordan School District and worked as a Digital Learning Specialist for 4 1/2 years and have been an Assistant Principal for the last 2 1/2 years in Bluffdale and West Jordan.

I hold a BA, MEd and an EdD and 5 endorsements in technology, ESL, Gift and Talented and in History and English. I am married, live here in Herriman and have since 2003. I have two adult children, one who is married and who has two children, (my grandchildren) who are the sparkle of my life.

I firmly believe that education is about ensuring that every student maximizes their learning potential. Student growth is extremely important to me in terms of both academic and social emotional development. I also strongly believe we need to create a safe and engaging environment for students to come and learn as we prepare them for their next step in the education process. Finally, I believe it is important to give students the opportunity to develop both academic and leadership skills that will assist them in becoming productive and good citizens of our community.

I love the outdoors, hiking, ATVing, star gazing, painting, photography, reading and swimming. I have lived in 9 states and love traveling.

I am grateful for all each of you do to support your children, our students, our school and our community. I look forward to partnering with you to help ensure that each of our students are successful and have great experiences during their journey here at Butterfield Canyon Elementary.
