

Dear Parent/Guardians

Safety of students at Butterfield Canyon Elementary is always our top priority. With the ongoing Drainage Constructions occurring on Gina Rd we are going to redirect students who typically use the gate on the northwest side of Gina to go to Erin Loop to walk up on the west side of Erin Loop and cross over on Mary Leizan Lane and down to the school.

This will also mean, that you cannot drop off or pick up your students on Gina Rd. for the remainder of the school year. The gate on the northwest side of Gina rd. will be locked as of today, Tuesday, May 16th, 2023.

An alternative if you wish, is to have your students walk up Mary Leizan Lane and cross at Erin Loop Rd. and then cross over McCuiston Rd to the north side of that road and down to The Church of Jesus Christ of Latter Day Saints on McCuiston to the parking lot. You can then pick up your student safely there.

There will still be a Crossing Guard on the West Side of Erin Loop Rd and Gina Rd. Additionally there is a Crossing Guard at Mary Leizan Lane and Erin Loop Rd to help students cross there.

The gate will remain locked 24 hours a day during the construction on Gina Rd.

We apologize for the inconvenience this causes but again, our main priority is the safety of all students at Butterfield Canyon Elementary.
