

Hello future Bobcats and Parents! Butterfield Canyon is an awesome school!

Learning Links is the name of our school's volunteer program. This program is used to create communication between the administration, teachers and parents and improve our children's education.

"Learning Links" implies there are many links to a child's education. The first link is the child. Connected to the child are other links including parents, families, teachers, administration and the community. Children need all of these links in order to obtain the best possible education.

The purpose of Learning Links is to create an inviting, welcoming environment for parents to get involved, and to create a network of parent resources to help teachers.

Each classroom has a Learning Links Representative who works one-on-one with the teacher to help accommodate the classroom needs. The classroom representative helps coordinate any classroom needs such as, parent volunteers, classroom celebrations, and is a vital part of parent/teacher communication.

As a parent, grandparent, aunt or uncle you can sign up to volunteer in the classroom. You will benefit in many ways. You will be able to be in the classroom and meet the children, see the teacher in action, and show your own child that their education is important to you. Anyone wanting to volunteer must be fingerprinted at the district offices.

If you would be interested in being a Kindergarten Classroom Learning Links Representative for the 2020-2021 school year, please contact me.

Didi Weaver

BCE, PTA Learning Links Coordinator
